Hoses for Carding, RSB Draw frame Auto Coner, Waste Collection (Cotton)

PU Hose Light Duty

Hose wall made of ether grade (microbes and hydrolysis resistant) abrasion resistant Polyurethane (wall thickness between the spiral 0.4mm) with copper coated spring steel wire reinforcement.

Size: 20mm to 90mm

PU Hose Light Duty

Hose wall made of ether grade (microbes and hydrolysis resistant) abrasion resistant Polyurethane (wall thickness between the spiral 0.4mm) with copper coated spring steel wire reinforcement.

Size: 102mm to 405mm

PVC Duct Hose Transparent

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC.

PVC Duct Hose Grey

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC.

Heavy duty hoses for Blow Room, Humidification, Heavy Carding Waste Suction. (Polyester)

PU Hose Heavy Duty

Hose wall made of ether grade (microbes and hydrolysis resistant) abrasion resistant polyurethane (wall thickness between the spirals 0.6 & 0.7mm) with copper coated spring steel wire reinforcement.

Wall Thickness : 0.6 & 0.7mm

PVC Duct Hose Transparent

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC. Made available in Grey / Transparent / Blue colors.

Hoses for Ginning, Comber, Air Filter, Waste Collection

PVC Duct Hose Grey

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC. Made available in Grey / Transparent / Blue colors.

PU Hose Heavy Duty

Hose wall made of ether grade (microbes and hydrolysis resistant) abrasion resistant polyurethane (wall thickness between the spirals 0.6 & 0.7mm) with copper coated spring steel wire reinforcement.

Wall Thickness : 0.6 & 0.7mm

PVC / PU Suction hoses for Elite Compact Spinning / Ring Frame / Weaving / Hosiery / Rapier Looms

PU Hose with Rigid Helix

Made out of Ether based polyurethane (TPU) with special HPVC reinforcement. Light and highly flexible hose, excellent abrasion and mechanical properties, good chemical resistance, free of halogens, food-grade resistant against microbes and hydrolysis.

PVC Duct Hose Transparent

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC. Made available in Grey / Transparent / Blue colors.

PVC Duct Hose Clear Transparent

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC.

Dutron Kanaflex - Make

PU Hose Extra Heavy Duty

Hose wall made of ether grade (microbes and hydrolysis resistant) abrasion resistant polyurethane (wall thickness between the spirals 1mm/1.2mm/1.5mm/2mm/2.5mm) with copper coated spring steel wire reinforcement.

Bale Plucker Hoses

PU Hose Light Duty

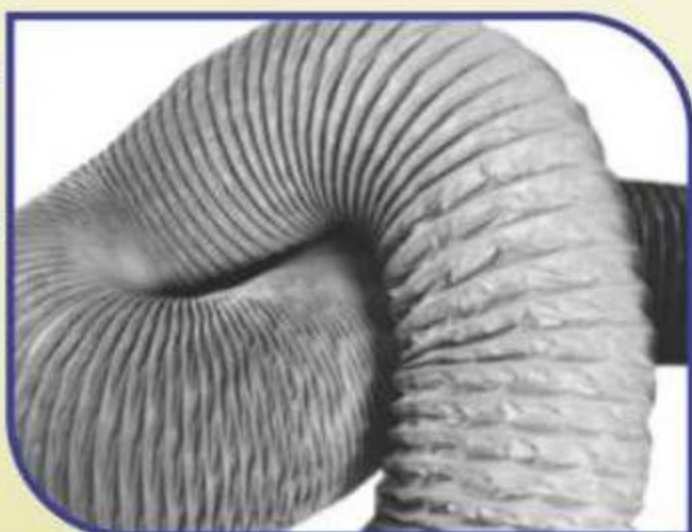

Hose wall made of ether grade (microbes and hydrolysis resistant) abrasion resistant Polyurethane (wall thickness between the spiral 0.4mm) with copper coated spring steel wire reinforcement.

Polyester Fabric Hose PVC Coated

PVC Coated Polyester Fabric with spring steel wire reinforcement.

Usage :

Used as a protective cover for shaft / screw rod. Also for light air blow

Open End Exhaust hoses

Double layer Silicon Hose

Double Layer (2 Ply) Silicone coated glass fabric reinforced with spring steel wire.

Temp. : 310°C

Thermoplastic Rubber Hose

Light and flexible EPDM / PP (Blend) hose reinforced with PP coated spring steel wire, high temperature stable, with good chemical and ozone resistance.

Hoses for Over Head Travelling Cleaners (OHTC - All Brands)

OHTC Straight Hoses 2500 mm Length

PVC Straight Hose

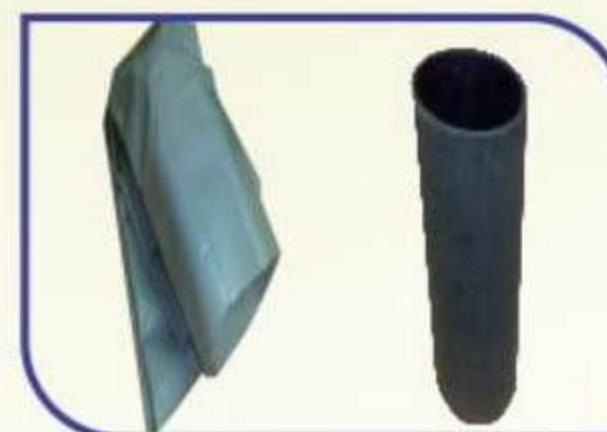

Synthetic Rubber Hose and Rexin Blow Hose

Murata Auto coner Straight Hose

PVC Coated Polyester Fabric Air Hose

PVC Coated Polyester Fabric with spring steel wire reinforcement.

Hoses for Over Head Travelling Cleaners (OHTC - All Brands)

PVC Flexible Hoses Grey

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC. Made available in Grey / Transparent / Blue colors.

Murata Autoconer Suction Hose

Hose wall made of PP film and reinforced with extra strong spring steel wire. Capable of axial compression in to fixed position. A self supporting hose which can take any shape / position. Good resistance to UV and ozone, chemicals, fumes etc.

Used also for air ventilation and AC ducting

PVC Flexible Hoses Blue

Hose made of spiral reinforcement of rigid PVC into fine grade soft PVC. Made available in Grey / Transparent / Blue colors.

O.H.T.C Heavy Hose Clamp

stainless steel hose clamp securely fastens hoses

Industrial Vacuum Cleaner Hose

Industrial vacuum cleaner Hose

Light Duty and heavy duty EVA hoses for industrial vacuum cleaners (wet and dry) and also for swimming pool cleaning
(25 / 32 / 38 / 45 / 50 / 60 mm ID)

Corrugated Conduit Hose and Gland

Corrugated Conduit Hoses in

PVC / PP / PE / PA -

Nylon Polyamide - Temp. 160°C

corrugated conduit hose that offers best protection due to its structure and versatile accessories

Info : Maximum safety in the event of a fire

Hose Glands

M.S. & S.S. Hose Clips

M. S. Hose Clips

Mild Steel Worm Drive Hose Clamp

S .S. Hose Clips

stainless steel hose clamp securely fastens hoses

Pneumatic Air Hose

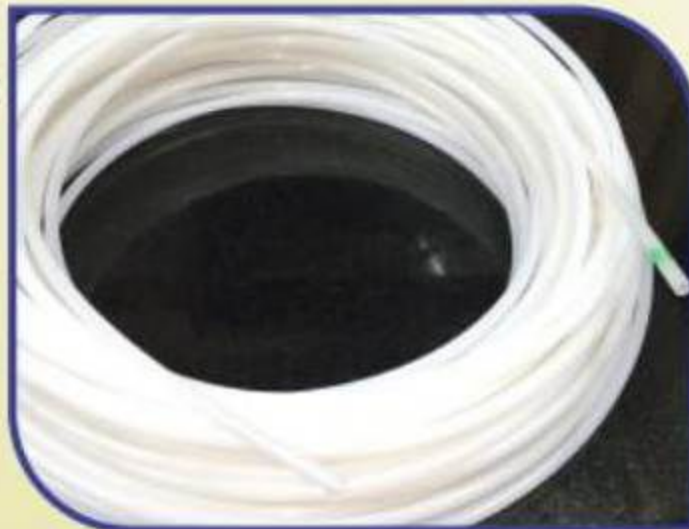

Pneumatic Tube and One Touch Fittings

Polyurethane (PU) Tube Blue-
Yellow- Transparent- Black

Nylon Tube- Transparent

Extremely Flexible and heavy
duty nylon hoses

Size : 4mm to 14mm

Rubber Hoses

Rubber Hoses

Rubber hoses for Air Cleaning,
Compressors and Air Lines of
Autoconer and high pressure
hydraulic hoses for all industries

PVC Air Cleaning Hoses / High Pressure Textile Cleaning Hoses

PVC Braided Hose Transparent

Heavy duty hose which is made
of special grade oil and chemical
resistant PVC, reinforced with top
quality nylon (twisted) yarn which
assures better working pressure
and temperature.

Size : 6mm to 63mm

W.P. 25kg/cm²

High Pressure Air Cleaning Hose Yellow

Special Air Cleaning hose Double
Braided (Extra heavy duty) hose

Size : 8mm to 12mm

B.P. 200kg/cm²

Thermoplastic Rubber Hose

Top quality PVC Blended with
synthetic rubber and also
reinforced with high
tenacity nylon twisted yarn

Size : 8mm to 50mm

W.P. 40kg/cm²

PVC Braided Hose Medium Duty

Medium duty economy hose
reinforced with plain nylon yarn
or polyester yarn..

Size : 8mm to 50mm

W.P. 10kg/cm²

PVC & Thermoplastic Rubber Water Hoses

Thermoplastic Rubber Hose

A special hose for high altitudes – all weather -retains flexibility at low temperatures.

Top quality PVC blended with synthetic rubber and also reinforced with high tenacity polyester yarns.

PVC Braided Hose Spider

Absolutely flexible and medium heavy water hose for domestic, gardening and construction sites.

Water Hose Heavy Duty Yellow

Absolutely flexible and heavy water hose for conveying of water for engineering construction and industrial development sites

Water Hose Green

Absolutely flexible and medium heavy water hose for domestic, gardening and construction sites.
